An activity of E-Waste Collection & Submission

Objectives of Programme:

- 1) To collect e-waste generated from our home and surroundings area
- 2) To submit collected e-waste to PMC's (Pune Municipal Corporation) E-waste collection center, Dhankawadi
- 3) To create awareness among the students regarding increasing e-waste

Description of Programme:

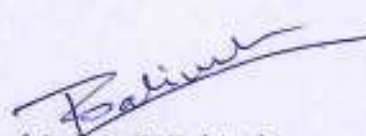

Social Souls Cell of RIMRD has initiated an activity to collect e-waste and to submit it in the PMC's E-waste collection center, Dhankawadi

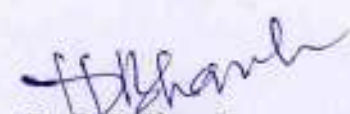

When e-waste is warmed up, toxic chemicals are released into the air damaging the atmosphere. The damage to the atmosphere is one of the biggest environmental impacts from e-waste. When electronic waste is thrown away in landfills their toxic materials seep into groundwater, affecting both land and sea animals

34 Students (MBA First year 15 & Second Year 19) have collected e-waste from their surroundings and submitted to PMC's (Pune Municipal Corporation) E-waste collection center, at Dhankawadi.

Outcome:

- Students learn and got aware about e-waste.
- Students understood their responsibilities towards e-waste and its recycle process.
